

Construction Update

MARCH 2025

Dear Southwood Circle Community,

We are excited to share the latest progress on our development:

- 1** **Boulevards, Planting & Landscaping** : The boulevard construction, including the planting of native plants and grasses to promote pollination will be completed by early August.
- 2** **Trails**: Limestone trails and pathways are now open to the public.
- 3** **Stormwater Pond**: Topsoil seeding and wetland planting by Ducks Unlimited will be completed by the end of June.
- 4** **Riverbank Reforestation**: Over 100 new trees will be planted this year bringing the total new trees to over 800 enhancing our forest network.
- 5** **Sidewalks and Streetlights**: All sidewalks will be completed by mid-July. Streetlights on Sifton Rd, Markham Rd and Sidney Smith St will be installed and fully energized by the end of May.

We are excited to complete this first phase of servicing and looking forward to welcoming new residents to Southwood Circle in 2027.
